

Are you ready to rumble?

There have already been thirteen great Itzehoe Dragon Boat Indoor Cups. Highly motivated teams from Itzehoe, Wilster, Krempe, Glückstadt, Elmshorn, Kiel, Lübeck, Hamburg, Hannover and Rostock, from dragon boat novices to experienced teams, have made the indoor cups an unforgettable experience.

Exciting races and lots of dragon boat fun, plus smiling faces, team spirit, cheers at the edge of the pool, shouts of encouragement and standing ovations - these are the ingredients for this great indoor event. Photos and videos of this dragon boat festival can be found on our website.

Now the organization team is looking forward to the sequel.

On **February 21, 2027**, the Itzehoe Water-Wanderer invite you to a test of strength at the **Itzehoe Swimming Centre**. Take the paddle in your hand, bring the water to the boil and the hall to the rage!

Are you ready? Attention... Go!

For some, it's a swimming pool. For others, it is probably the shortest race track in the world. 2.50 endlessly long meters.

Two teams of 8 paddlers - including at least 2 women - sit face to face in a dragon boat. After the start signal, the teams paddle as hard as they can and try to push their opponents away. Almost like tug-of-war. Only on the water and in a dragon boat...

Every centimetre is fought for!

The team that has paddled the dragon boat over a mark in its direction wins. Every victory earns points on the way to the winner's podium.

The three best teams in each starting class are awarded prizes

You can do indoor too! Where is your team?

" We thought the Dragon Boat Indoor Cup was mega fun! We lived up to our name – Lead Ducks - but we probably had the biggest fun factor. We were zero prepared, had zero chances, were zero serious, but capsized zero times! The idea and the organization were great, so thanks again to everyone involved!"
Bleienten | Rettungskooperation in Schleswig-Holstein
